

Sinclair Broadcasting's totally partisan decision to force their stations to air an anti-Kerry documentary days before the election is an illegal in-kind contribution to the Bush campaign. These people are on the record as Bush propagandists. This is NOT genuine news, and it should be stopped. They refused to show Ted Koppel's list of the dead in Iraq. They have a political agenda!

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. They are doing this because they can; you have allowed conglomerates like Sinclair to take over our democracy. This is an outrage and you need to change the rules which have allowed them to do so!

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. Your present license renewal process is a sad joke. It is simply wrong for a select few to own and completely control our media. TV stations should be accountable to the PEOPLE, not to corporations.

Sincerely,
